

**PRESENT TO FUTURE  
THE DEMAND OF GAMING PCs**

**JACKY HUANG  
PRODUCT DIRECTOR OF ZOTAC**

# WE ARE ZOTAC

**We** are the creators of the Original Mini PC.

**We** are the only pure NVIDIA Authorized Board Partner globally with our own manufacturing facilities.

**We** strive to create the latest technological products including Graphics Cards, Mini PCs, SSDs, & innovative Accessories. With function & design at our core, we believe in manufacturing *quality* PC-related products that epitomize form, utility, and style. Our dedication to rigorous standards & the relentless pursuit of excellence is the backbone to our continued success.

A black and white photograph of a computer case. The case is shown from a front-three-quarter view, highlighting two large fans on the front panel. The fans have a distinctive logo on their centers. The case has a rugged, angular design. The background is dark and out of focus, showing some internal components of the case. The text "THANK YOU" is overlaid in the bottom left corner in a bold, white, sans-serif font.

**THANK YOU**
